

Spring Term 2010

## Departmental Seminars

3:30 pm, Refreshments, A214 E-Quad

4:00 p.m., A224 E-Quad (Elgin Room)

- January 6                    **Christopher Snow**, California Institute of Technology  
Refreshments at 2:30 pm, Seminar at 3:00 pm  
*Host: RAR*
- January 13                  **Jason Locasale**, Harvard Medical School  
*Host: RAR*
- January 20                  **Cliff Brangwynne**, Max Planck Institute of Molecular Cell Biology and Genetics  
*Host: RAR*
- February 3                   **Jason Slinker**, California Institute of Technology  
*Host: RAR*
- February 10                 **Wei Fan**, University of Minnesota  
*Host: RAR*
- February 17                 **Mark Brynildsen**, Boston University  
*Host: RAR*
- February 24                 **Arup Chakraborty**, Massachusetts Institute of Technology  
*Host: SYS*
- March 3                      **Eric Shusta**, University of Wisconsin - Madison  
*Host: AJL*
- March 10                     **Andrea Liu**, University of Pennsylvania  
*Host: PGD*
- March 24                     **Cherie Kagan**, University of Pennsylvania  
*Host: YLL*

### Dudley Saville Lecture

**Bartosz Grzybowski**

Northwestern University

*K. Burgess Chair in Physical Chemistry and Systems Engineering*

*Director of DoE's Center for Non-equilibrium Materials*

*Professor of Chemical and Biological Engineering*

**Refreshments: 3:30 pm, Friend Center FC113**

**Lecture: 4:00 pm, Friend Center FC113**

March 31                    *TBD*

- April 7                      **James Gilchrist**, Lehigh University  
*Host: RKP*
- April 14                     **Menachem Elimelech**, Yale University  
*Host: JBB*
- April 21                     **Suzie Pun**, University of Washington  
*Host: RAR*
- April 28                     **Maciek Antoniewicz**, University of Delaware  
*Host: CAF*
